

GLOBAL PROCUREMENT &
SUPPLY CHAIN SUMMIT

13TH JANUARY 2026, MOVENPICK HOTEL, KARACHI

Transforming Textile Supply Chains through
Innovation, Integration & Sustainability

Organizer:

HORIZON
SUMMIT MANAGEMENT
HSM

About the Summit

The Global Procurement & Supply Chain Summit (GPS) is a strategic initiative to create Pakistan's most credible and influential forum for supply chain and procurement professionals.

This platform unites industry leaders, policy makers, procurement experts, and digital innovators to explore solutions that enhance competitiveness and resilience.

An exclusive platform bringing together thought leaders, procurement strategists, supply chain innovators, policy makers, and solution providers shaping the future of Pakistan's textile industry.

Objectives

- Strengthen procurement and supply chain practices in the textile ecosystem.
- Address key challenges of procurement & supply chain in textile sector
- Encourage linkages between local manufacturers, global vendors, and regulators.
- Showcase digital transformation, AI, and automation as growth enablers.
- Promote sustainability, transparency, and cost efficiency.
- Create a continuous learning and collaboration environment.

Key Focus Areas

Textile Supply Chain Transformation – Resilience, Agility & Traceability

Procurement Excellence – Vendor Management, Sourcing Innovation, and Governance

AI & Digital Solutions – ERP, Data Analytics, Industry 4.0 Integration

Sustainability & ESG – Green Procurement & Responsible Sourcing

Logistics & Warehousing – 3PL, Automation & Cold-Chain Optimization

People & Skills – Building a Future-Ready Workforce

Event Format

- **Keynote Presentations** from industry thought leaders
- **Expert Panels** featuring government & corporate voices
- **Technology Showcases** from ERP, AI & automation solution providers
- **Case Studies** from leading textile enterprises
- **Mini Expo** for products, services, and innovation demos
- **Networking Dinner & B2B Meetings**

Participation Benefits

GPS offers a high-impact B2B platform where decision-makers, suppliers, and regulators converge to build efficient, digital, and sustainable supply chains.

For Industry & Corporates:

- Explore new technologies and strategies to optimize procurement operations.
- Engage with government bodies on trade and compliance reforms.

For Vendors & Service Providers:

- Present your solutions directly to C-level executives and procurement leaders.
- Build lasting partnerships and brand visibility among Pakistan's top textile exporters.

For Government & Associations:

- Align national textile and export policies with global supply chain benchmarks.
- Foster collaboration to enhance Pakistan's competitiveness.

For Academia:

- Create research alliances and offer executive learning programs in SCM & Procurement.
